Mounts, Wedding Bands,
Loose Diamonds, Repair
Workshop.

We are a Trade Supplier Specialising in Bespoke Jewellery Pieces

With a passion for thinking outside the box, Vulcan Jewellery produce exciting and unique designs while staying true to our up to date casting techniques.

As leading manufacturers and designers, Vulcan Jewellery specialise in high quality CAD design and castings. We have years of experience on the bench, allowing us to create a perfectly finished product.

We work with Jewellers and retail shops in Hatton Garden, Bond Street and throughout the UK.

British Manufacturer

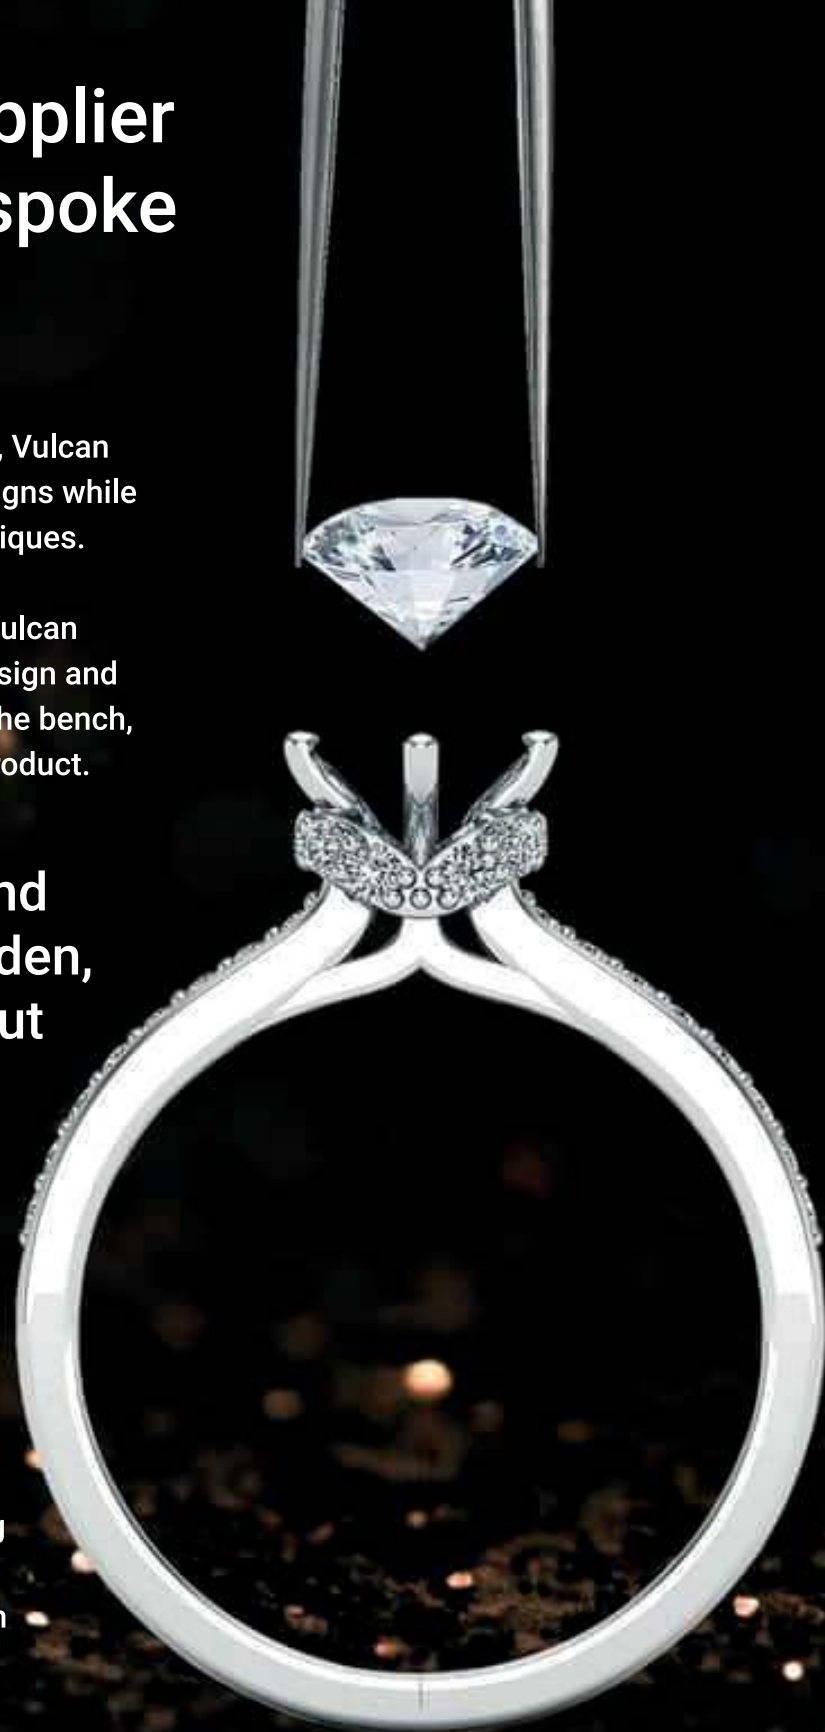

45 Years experience on the Bench

Expert CAD Design and techniques

Specialist Jewellers to the Trade

Trade Design Services

Using our innovative CAD and 3D modelling we offer a full bespoke jewellery design service. If you simply need help with design consultancy, CAD modelling or 3D printing then we can support those activities separately too. Similarly we can incorporate your or your clients' diamond/gemstone or source these on your behalf.
